COE: RSAP Application:

Instructions:

The Rising Sophomore Abroad Program (RSAP) is a study abroad opportunity for engineering students at the end of their first year. The program has two components: a spring semester course and one to two weeks of international travel.

Accepted students must register for the course ENGE 1644 (Global Engineering Practice: Leadership and Culture). It will meet twice weekly during the Spring 2019 semester. The course is designed to introduce students to global engineering, emphasize the importance of cultural competency for engineers, and focus on how differences in cultural, social and economic contexts influence engineering.

The program then culminates with travel to one of nine international tracks. Travel will take place very shortly after Spring 2019 final exams. Below is the list of the nine tracks offered for RSAP2019. You will be asked to rank your preference for these tracks in this application.

1. Italy, Switzerland, and Germany (2 weeks)
2. Beijing and Shanghai, China (2 weeks)
3. Dominican Republic (1 week with a service learning focus)
4. United Kingdom and Ireland (2 weeks)
5. New Zealand (2 weeks)
6. Australia (2 weeks)
7. India (2 weeks)
8. South Africa (2 weeks)
9. Colombia, Peru, and Ecuador (2 weeks)

Cost of the program varies by international track. Costs include the program fee, airfare, lodging, in-country transportation, company visits, admission fees to major attractions, guided tours, and some group meals (see program descriptions for more details on what is included for each track). Not included in this fee is the cost of most lunches and dinners and personal expenses. Program costs for 2019 are expected to range from \$4,000 to \$4,300 for the 2 week international tracks and \$2,000 for the Dominican Republic.

Financial support is available to students on the basis of financial need. Applicants will be considered for such financial support at a later date, so we encourage you to apply.

Final selection of participants will be based on applications, fall academic performance (with continued good academic standing in the spring), and continued good standing with respect to student conduct and honor code.

(*) Indicates the question is required.

Undergraduate Honor System Records Release Waiver And Student Conduct Records Release Waiver

I do hereby give my permission to allow the Virginia Tech Undergraduate Honor System and Student Conduct System to release any record they have regarding me. This includes records that have been completely adjudicated, as well as those that are pending. Additionally, this includes any record where the Undergraduate Honor System and Student Conduct System have not formally adjudicated or taken formal action. This release of my records is given to my program's Faculty Leader (for faculty-led study abroad and domestic programs) or to the Global Education Office (for student exchange/ISEP programs).

I understand that this release allows the Undergraduate Honor System and Student Conduct System to release any information including the date(s), time, nature, and outcome of an alleged offense, as well as any records that were not formally adjudicated through those two systems.

I understand that this information may be used by my program leader or the Global Education Office to assist in its selection process and that information provided may affect my selection to participate in this program. I further understand that this release is authorizing a final check by both the Undergraduate Honors System and the Office of Student Conduct, prior to my participation in the program. This release is only valid for this program and/or term for which I am applying and additional releases will be required for any subsequent programs and/or terms.

v.2018

I understand that by clicking on this agreement, I am signing a legal document. I acknowledge that I am the person whose name is listed below and I logged on to this website on the date listed below.
