

# Courses for Master (graduate) Exchange Students

## Sem. 1 or Fall Semester 2017/2018 (provisional program)

*Faculty of Industrial Design Engineering, TU Delft*

### 1. Master Courses Industrial Design Engineering

Exchange students who have finished their bachelor education or have at least 3 years of bachelor education in industrial design are admissible to the 1<sup>st</sup> year courses of our MSc degree programs.

The faculty of Industrial Design Engineering offers three different master programs: Integrated Product Design (IPD), Design for Interaction (Dfi) and Strategic Product Design (SPD) for more information on each program). All master courses are in English and require a high level of English language ability.

Exchange students can choose a package of master courses in one of the master programs as listed below. For a description of the courses take a look or follow the links to the Study guide. For Master Package 1 and 2 – Design for Interaction and Integrated Product Design, admission is based on the portfolio.

The academic year consists of two semesters, each semester is divided in two quarters of each 10 weeks. Fall semester starts at the beginning of September and finishes at the end of January. Spring semester starts in the beginning of February and finishes at the beginning of July.

#### **Master Package 1 – Integrated Product Design (Portfolio is needed!)**

Code	Course (descriptions:	ECTS
ID4070	<u>IDE Academy</u>	2
ID4060	<u>Manage Your Master</u>	1
ID4170	<u>Advanced Concept Design</u>	21
ID4010	<u>Design Theory and Methodology</u>	3
(ID4180	<u>Managing Product Innovation)</u>	3
IO1016zi	Drawing for international students	3
		<b>33</b>

#### **Master Package 2 - Design for Interaction (Portfolio is needed!)**

Code	Course	ECTS
ID4070	<u>IDE Academy</u>	2
ID4060	<u>Manage Your Master</u>	1
ID4250	<u>Project Exploring Interactions</u>	12
ID4010	<u>Design Theory and Methodology</u>	3
ID4210	<u>Product Understanding, Use and Experience</u>	6
ID4216	<u>Context &amp; Conceptualisation</u>	6
		<b>30</b>

### **Master Package 3 – Strategic Product Design**

Code	Course	ECTS
ID4070	<u>IDE Academy</u>	2
ID4060	<u>Manage Your Master</u>	1
ID4350-16	<u>Design Strategy Project</u>	12
ID4010	<u>Design Theory and Methodology</u>	3
ID4337	<u>Design Roadmapping</u>	3
ID4430	<u>New Product Economics</u>	3
ID4216	<u>Context &amp; Conceptualisation</u>	6
		<b>30</b>

### **Master Package 4 – Elective courses**

Process on this package 4 will be communicated after application, to give you an idea of elective courses that were offered other years please have a look at the link below

[http://www.studiegids.tudelft.nl/a101\\_displayProgram.do?program\\_tree\\_id=17011](http://www.studiegids.tudelft.nl/a101_displayProgram.do?program_tree_id=17011)

Almost all elective courses are for small groups of students and have a limited number of places. Many students want to follow these courses. Places are allocated by lot (compare this to a lottery). Sometimes admission is based on portfolio and/or a letter of motivation.

## **3. Language Courses – Delft University of Technology**

### **English language courses (elective courses)**

TU Delft offers several English [language courses](#) to its students. These courses can be taken as an elective. All courses are semester courses, which means they start in September and February. Students must sit a placement test before participating in any English course. This way we can establish which course and which level is most suitable for you.

Placement tests are generally scheduled for the week before the start of a course, but can also be arranged the first week after your arrival.

### **[Dutch courses](#)**

TU Delft also offers Dutch courses to international students. In order to be able to participate they have to do a placement test at the end of August.
